

Locations of control units

-Engine compartment

Index	Index Description
VVT	Valvetronic (Variable Valve Timing)
DME	Digital engine electronics
IVM	Integrated supply module with fuses

-Passenger compartment

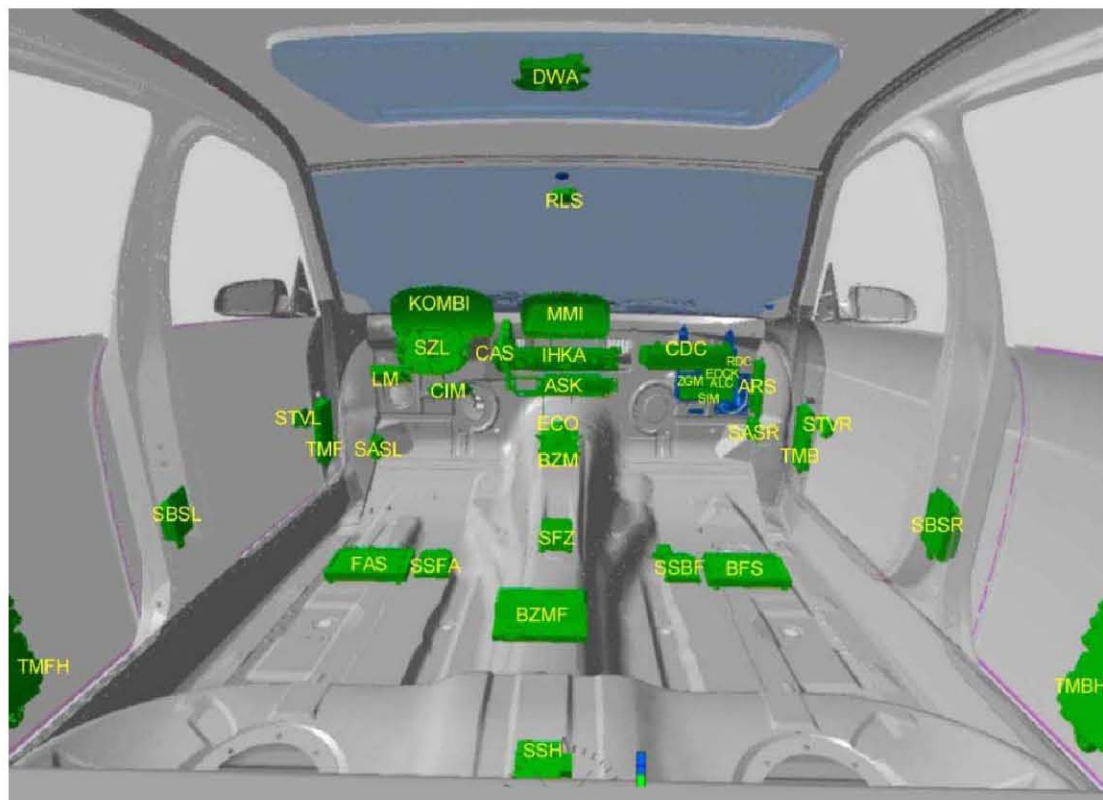

Fig. 58: Overview of control units inside passenger compartment

Index	Description
ALC	Adaptive Light Control (planned optional extra
ARS	Now: Dynamic Drive (DD)
ASK	Audio system controller
BFS	Passenger-seat control unit
BZM	Centre armrest control console
BZMF	Rear centre armrest control console
CAS	Car Access System
CDC	Compact Disk Changer
CIM	Chassis Integration Module
DWA	Antitheft alarm system
ECO	Now: Controller (CON)
EDC-K	Electronic shock-absorber control, continuous
FAS	Driver's seat control unit
IHKA	Integrated heating and air conditioning control

Index	Description
Kombi	Instrument cluster
LM	Light module
MMI	Now: Control Display (CD)
RDC	Tyre-pressure check system
RLS	Rain light sensor
SASL SASR	Satellite, A-pillar left Satellite, A-pillar right
SBSL SBSR	Satellite, B-pillar Satellite, B-pillar right

SFZ	Satellite, vehicle centre
SIM	SIM Safety Information Module
SSBF SSFA	Satellite, passenger's seat Satellite, driver's seat
SSH	Satellite, rear seat
STVL STVR	Satellite, front door left Satellite, front door right
SZL	Switching centre, steering column
TMB TMF	Door module, passenger's side Door module, driver's side
TMBH TMFH	Door module, passenger's side rear Door module, driver's side rear
ZGM	Central gateway module

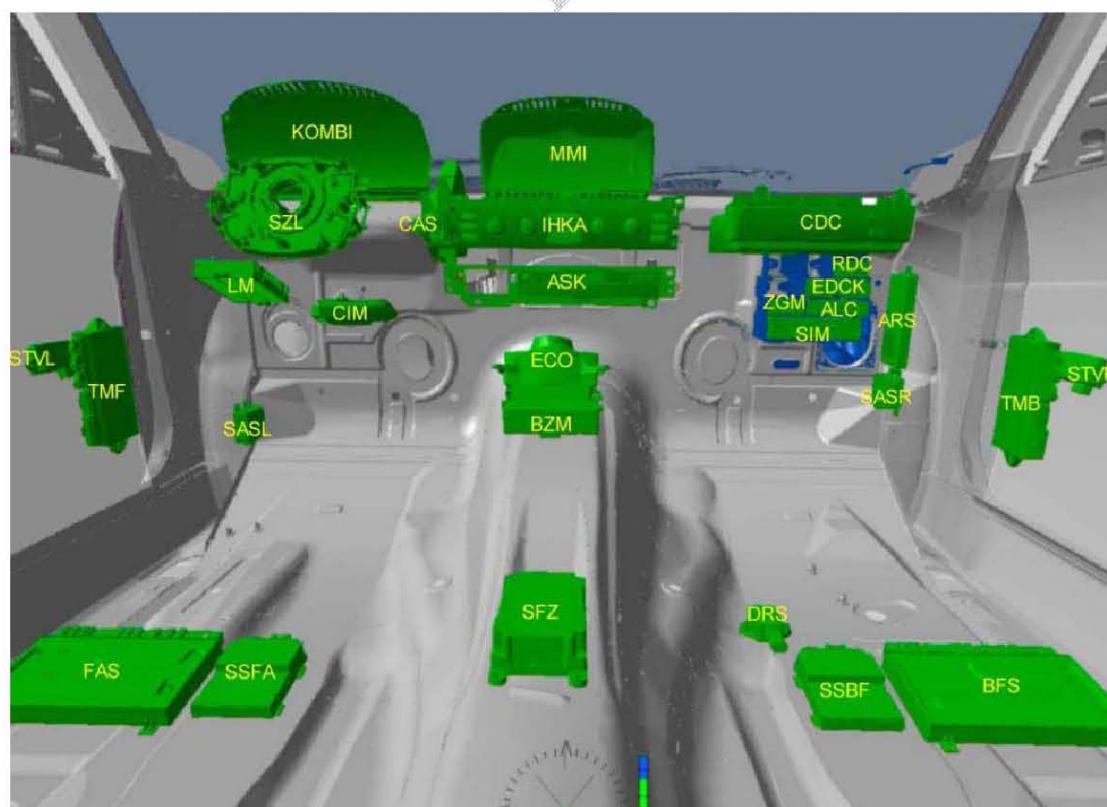

Fig. 59: Overview of control units at front, inside passenger compartment

Index	Description
ALC	Adaptive Light Control (planned optional extra)
ARS	Now: Dynamic Drive (DD)
ASK	Audio system controller
BFS	Passenger-seat control unit
BZM	Centre armrest control console
CAS	CAS Car Access System
CDC	Compact Disk Changer
CIM	Chassis Integration Module
DRS	Yaw sensor
ECO	Now: Controller (CON)
EDC-K	Electronic shock-absorber control, continuous
FAS	Driver's seat control unit
IHKA	Integrated heating and air conditioning control
Kombi	Instrument cluster
LM	Light module

Index	Description
MMI	Now: Control Display (CD)
RDC	Tyre-pressure check system
SASL SASR	Satellite, A-pillar left Satellite, A-pillar right
SFZ	Satellite, vehicle centre
SIM	SIM Safety Information Module
SSBF SSFA	Satellite, passenger's seat Satellite, driver's seat
STVL STVR	Satellite, front door left Satellite, front door right
SZL	Switching centre, steering column
TMB TMF	Door module, passenger's side Door module, driver's side
ZGM	Central gateway module

-Luggage compartment

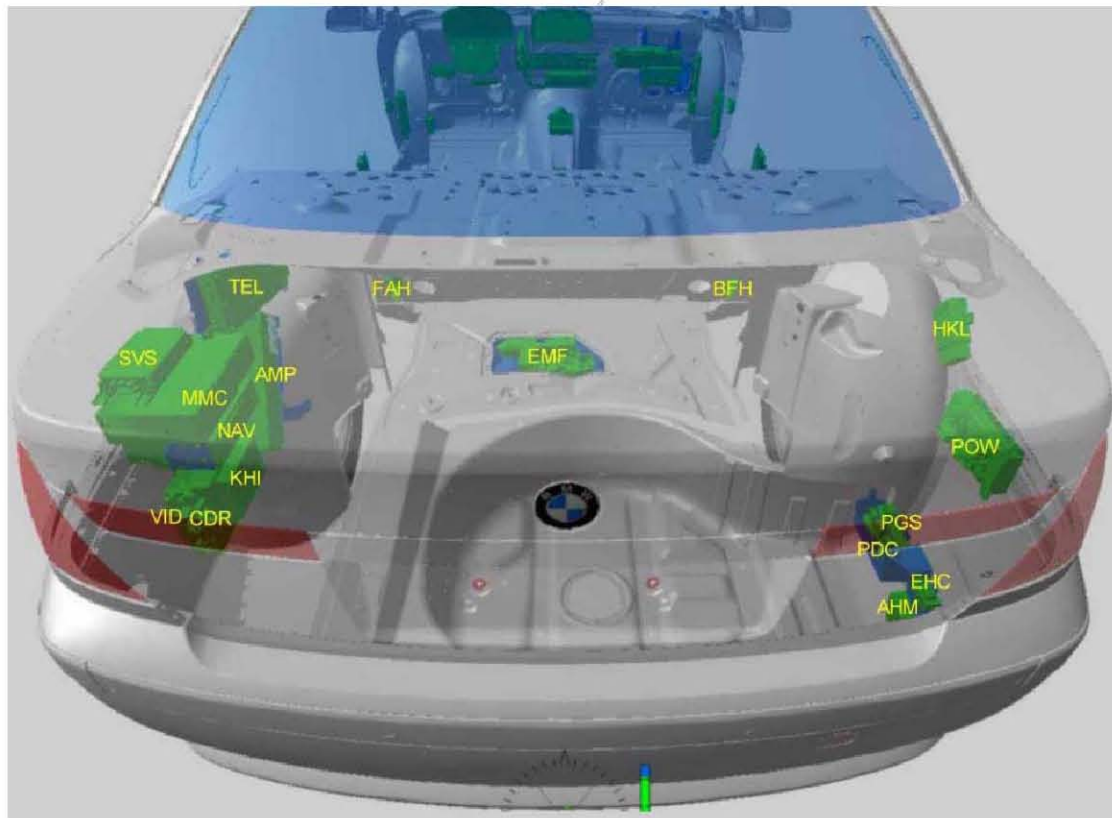

Fig. 60: Overview of control units inside luggage compartment

Index	Description
AHM	Trailer module
AMP	Amplifier (radio amplifier)
BFH	BFH Control unit, rear seat, passenger side
CDR	(Not applicable)
EHC	Electronic Height Control (ride-height control system)
EMF	Parking brake (electromechanical handbrake)
FAH	Control unit, rear seat, driver's side
HKL	Luggage-compartment lid lift
KHI	KHI Interface for headphones
MMC	MMC Multimedia Changer (planned optional extra)
NAV	Navigation computer
PDC	Park Distance Control
PGS	Passive Go control unit (planned optional extra)
POW	Power module
SVS	Voice processing system
TEL	Telephone control unit
VID	Video module

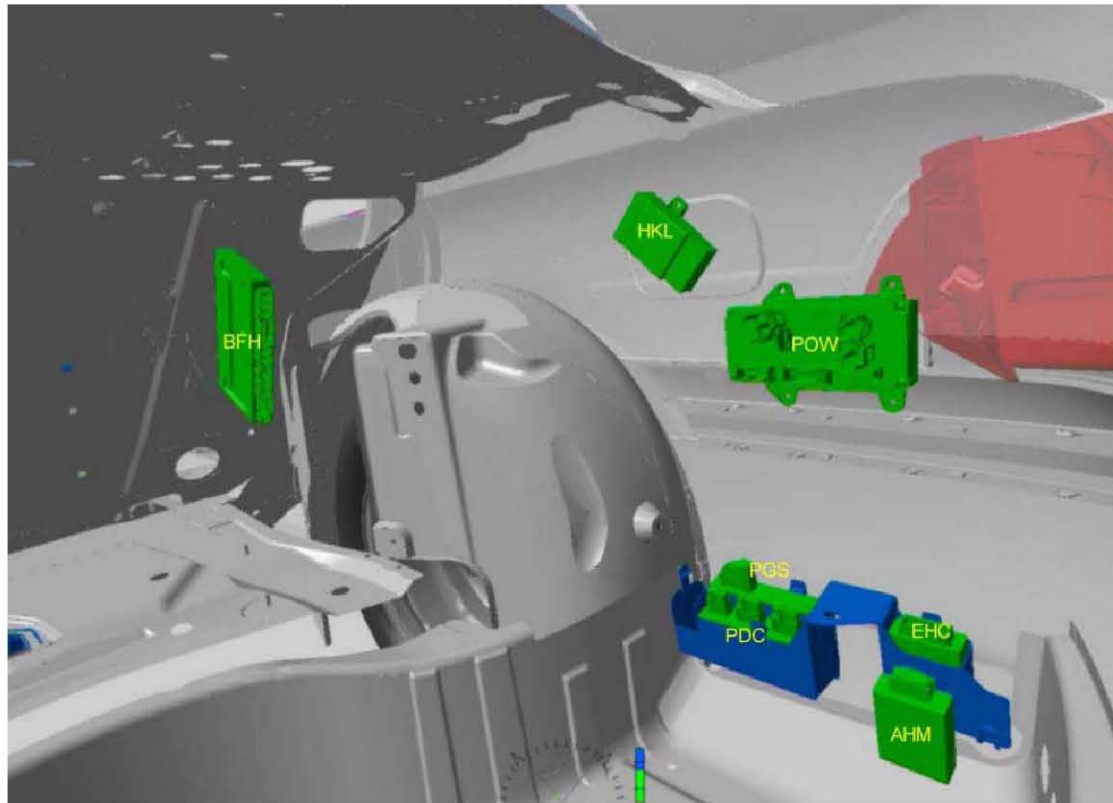

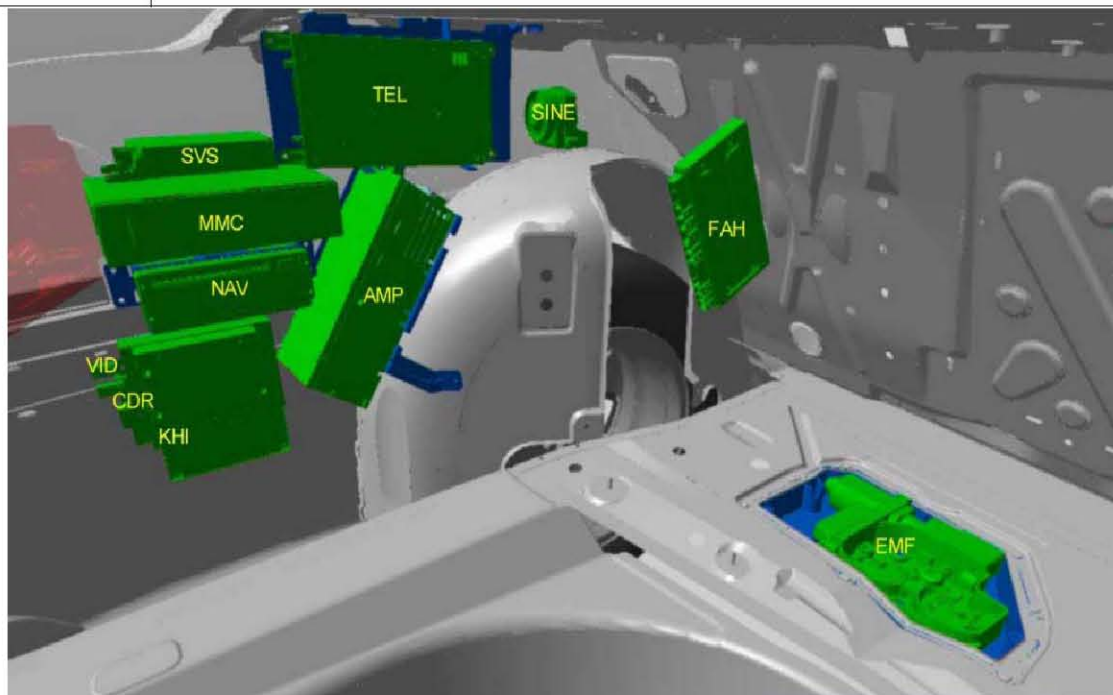

Fig. 61: Overview of control units on right inside luggage compartment

Index	Index Description
AHM	AHM Trailer module
BFH	Control unit, rear seat, passenger side
EHC	Electronic Height Control (ride-height control system)
HKL	Luggage-compartment lid lift
PDC	Park Distance Control
PGS	PGS Passive Go control unit (planned option)
POW	Power module

Index	Description
AMP	Amplifier (radio amplifier)
CDR	(Not applicable)
EMF	Parking brake (electromechanical handbrake)
FAH	Control unit, rear seat, driver's side
KHI	Interface for headphones
MMC	Multimedia Changer (planned optional extra)
NAV	Navigation computer
SINE	Siren of tilt sensor (for anti-theft alarm)
SVS	Voice processing system
TEL	Telephone control unit
VID	Video module

Abbreviations

Index	Description
ACC	Active Cruise Control
AHM	Trailer module
ALC	ALC Automatic light control
ALR	Automatic light-range adjustment
AMP	Amplifier (radio amplifier)
ARS	Automatic roll stabilisation
ASK	Audio system controller
AVT	Antenna amplifier/tuner
BFH	Control unit, rear seat, passenger side
BFS	Passenger-seat control unit
BZM	Centre armrest control console
CAS	Car Access System
CD	Control Display
CDC	Compact Disc Changer
CIM	Chassis Integration Module
CON	Controller

DD	Dynamic Drive
DME	Digital engine electronics
DRS	Yaw sensor
DWA	Antitheft alarm system
ECO	Now. Controller (CON)
EDC-K	Electronic shock-absorber control, continuous
EHC	Electronic Height Control (ride-height control system)
EMF	Parking brake (electromechanical handbrake)
ESG	Toughened safety glass
ESG	Electronic control unit for gearbox
FAH	Control unit, rear seat, driver's side
FAS	Driver's seat control unit
FZV	Radio-operated central locking
GPS	Global Positioning System
HKL	Luggage-compartment lid lift

Index	Description
IHKA	Integrated heating and air conditioning control
ISIS	Intelligent Safety and Information System
ISOFIX	Child-seat anchorage system
IVM	Integrated supply module
KHI	Interface for headphones
Kombi	Instrument cluster
LED	Light emitting diode
LM	Light module
MFS	Multifunction seat
MMC	Multimedia Changer
MMI	Now. Control Display (CD)
NAV	Navigation computer
PDC	Park Distance Control
PGS	Passive Go control unit
PM	Power module
RDC	Tyre-pressure check system
SA	Optional extra
SASL SASR	Satellite, A-pillar left Satellite, A-pillar right
SFZ	Satellite, vehicle centre
SHD	Sunroof
SIM	Safety Information Module
SINE	Siren of tilt sensor
SRA	Headlight washer system/windscreen washer system
SSBF SSFA	Satellite, passenger's seat Satellite, driver's sea
STVL STVR	Satellite, front door left Satellite, front door right

SZ	Special equipment
SZL	Switching centre, steering column
TEL	Telephone control unit
TMB TMF	Door module, passenger's side Door module, driver's side
USIS	Ultrasonic passenger-compartment sensor

Index	Description
VID	Video module
VSG	Laminated safety glass
VVT	Valvetronic (Variable Valve Timing)
ZAE	Central trigger unit
ZGM	Central gateway module
