Instructions for Service Reset

[Tested Model]

Mercedes Maybach S480, VIN: W1K6X6BB7MA05****

[Function Execution Background]

When the vehicle requires the reset of engine oil, inspection, and service information, execute this function.

[Procedure]

 Turn on the vehicle ignition switch, connect Launch X431 PAD 5 connector, and select the Mercedes-Benz model software. After entering, choose [Automatically Search] and then enter the basic version (or enhanced version). Enter [IC - Instrument Cluster] through scanning or direct selection (as shown in the following figure):
